

19th International IUPAP Conference on Few-Body Problems in Physics

University of Bonn, Germany
August 31 - September 5, 2009

TOPICS

Nuclear forces and few-nucleon systems
Light nuclei and electroweak probes
Few-hadron systems (including quark models)
Few-atom systems (including ultracold gases)
Strange and exotic systems (including hypernuclei)
Nuclear structure, clusters and halos

International Advisory Committee

Y. Akaishi (RIKEN)
B. Ananthanarayan (Bangalore)
S. R. Beane (Durham, NH)
E. J. Beise (Maryland)
V. B. Belyaev (Dubna)
